CITY'S SYSTEM OF STREET LIGHTING MAY BE CHANGED

New Contract With Maysville Gas Company May Provide For Boulevard Lights in Some Sections of the City—Committee To Meet Tonight.

The first meeting of the Gas and Electricity Committee of the City Council and the officials of the Maysville Gas Company on the new contract which the city must make with the company this year will be held this evening and at that time matters will be discussed generally and the first steps toward recommending a contract to the city officials will be taken.

Probably the most important matter to the taxpayers in general and the users of gas and electricity will be the matter of price to be agreed upon for another year or period of years but another matter that will also likely come up for consideration is the matter of changing the street lighting system.

For many years the business men on Second and Market streets have been discussing among themselves a "Great White Way" and if such a thing is ever a reality this seems the opportune time to take the matter up.

Members of the special committee, however, will more than likely talk over with the Gas Company representatives the matter of changing lights in certain parts of the city from the old fashioned street arc now used to the Boulevard drop light. At the suggestion of the Gas Company this plan was tried by the city on East Second and Bridge streets and has proven most satisfactory. The plan gives more lights of less power than the large lights and distributes the light much better. The experiment along the Limestone bridge section has proven most satisfactory and if these lights were staggered on both sides of the street through the resident sections the lighting system would prove much more satisfactory.

Some months ago the Gas Company was interested in seeing this change made in some sections and it is understood that they are still willing to make the change.

While the matter of price on gas and electricity will be the most important matter for the committee to consider, this matter will also be a very important one and the committee's recommendation on this matter will be awaited with much interest by the public in general.

OFFICERS MAY INVESTIGATE FATAL AUTO ACCIDENT

Reports Current After Accident in Which Sam Sapp Lost His Life Lead Officials to Think Investigation May Disclose Much Disorder.

Reports which have been floating about in regard to much disorder and lawlessness on the Taylor's mill pike within the past few months since the fatal accident Saturday midnight in which Sam Sapp lost his life, will probably cause the county authorities to make a thorough investigation of the conditions which led up to the accident.

From Coroner Thomas F. Higgins' investigation of the death there is no reason to believe that it was other than a pure accident absolutely unavoidable but reports have been circulated that for some time a very disorderly house has been operated in this section at which bootlegging and other lawlessness is said to have been a nightly occurrence. Reports have it that a sort of "Road House" has been operated in that district which has been patronized liberally by people from all sections of the county and especially from Maysville.

Officers may see fit to make an investigation to learn whether these reports are true and if true just who is liable for such conditions and behavior.

CARNIVAL SETTING UP

The equipment of the Liberty Shows which are holding forth at the baseball park this week arrived here over the L. & N. Monday evening and has been unloaded. The crew worked all day today setting up and the show will be on in full force from now until the close of the week. Threatening weather will probably cut the crowds.

JACKSON LAWYER WANTS DEMOCRATIC NOMINATION

Ryland C. Musick, Jackson editor and lawyer, has announced his candidacy for the Democratic nomination for Attorney General. Musick has been prominent in Democratic political circles in Kentucky for the past several years.

WAITING ON MACHINERY TO START PLANT

The Reynolds Tobacco Company's stemmery here has not yet been started because the company is waiting on the receipt of some of the machinery for the plant. Part of the machinery has been received and the balance is expected daily.

PRESIDENT ASKS BAN ON BEER AND WINES BE LIFTED

Message to Congress Cabled From Paris Advises Repeal of War Time Prohibition on Light Drinks—Advices Return of Wines and Railroads.

Washington, May 20.—Probably the most striking recommendation in President Wilson's message, read before Congress at noon today, is that the wartime ban on wine and beer be lifted. His recommendation does not extend to the stronger intoxicating beverages. That part of his message reads as follows:

"The demobilization of the military forces of the country has progressed to such a point that it seems to me entirely safe now to remove the ban upon the manufacture and sale of wines and beers, but I am advised that without further legislation I have not the legal authority to remove the present restrictions. I therefore recommend that the act approved November 27, 1918, entitled 'An act to enable the Secretary of Agriculture to carry out during the fiscal year ending June 30, 1919, the purposes of the act entitled, 'An act to provide further for the national security and defense by stimulating agriculture and facilitating the distribution of agricultural products', and for other purposes, be amended or repealed insofar as it applies to wines or beers."

The second most striking recommendation is that calling for the return of the railroads, as well as the telegraph and telephone lines, to private ownership and control. This is the first authoritative declaration by the Administration of its future policy, and greatly surprised many members who had interpreted the developments of the last few months to mean that Mr. Wilson eventually would propose some form of permanent Government ownership. On the contrary, the directness of the President's declaration on that point left no doubt that he was through with any possible scheme of permanent retention.

"The telegraph and telephone lines" the message reads, "will, of course, be returned to their powers as soon as the transfer can be effected without administrative confusion.... The railroads will be handed over to their owners at the end of the calendar year."

In the case of each the President asked for legislation to make easier the readjustments necessary because of the change.

The foregoing features are the "high lights" of the message, which is unique in that it is the first in American history ever cabled from abroad by a President sojourning in a foreign land, and also the first Wilson message in six years sent to Congress by a clerk instead of being delivered in person. In addition to the recommendations noted, the President in his message reviews his plea in behalf of woman suffrage; recommends that the tariff laws be supplied with teeth to protect American industry against foreign attack; urges legislation to facilitate American enterprise through the expansion of shipping; and approves Secretary Lane's programme for land for returning soldiers.

Of the Paris Peace conference and the League of Nations the President says it would be premature to discuss them or express a judgment. He also avoids any detailed discussion of domestic legislation because of his long absence from Washington.

DETAINED BY POLICE ON CHARGE FROM ARMY CAMP

Richard Rice, former Mason county man, was detained by the police here this morning and is being held pending receipt of information from Camp Dodge, Iowa. Several days ago the local police had a request from the army officers at Camp Dodge to hold Rice as he was wanted at Camp Dodge on a charge of being absent without leave. Rice has been visiting relatives in the county and claims to have been honorably discharged. Chief of Police Ort has wired army officials at Camp Dodge for later advice as to whether Rice is wanted there or not.

AT HOME FROM CAMP

Cleon Drael, youngest son of Squire and Mrs. Fred Drael, of East Second street, has returned home having received his discharge from the U. S. Army. Mr. Drael has been located at Ft. Crook, Neb., during the war.

COME EARLY TO GET CHOICE SELECTIONS

GARRETT-WALLINGFORD
Forrest W. Wallingford, aged 21, and Miss Pearl M. Garrett, aged 21, both of Epworth, were married at the County Clerk's office this afternoon.

CITY MAY PROVIDE FOR POLICE PATROL IN BUDGET

Present City Administration Desires Police Patrol For the City and It Is Expected That Some Provision Will Be Made Now.

It is a well known fact that the present city administration desires to see an automobile police patrol owned by the city before their term of office expires and as the present city council's term expires this year, it is thought that some action to provide the money for the purchase of such patrol will be taken this year.

It will be remembered that a year ago some action was taken toward purchasing such an auto patrol when members of council investigated patrollers in use in other cities about the size of Maysville but the purchase was not made at that time because of financial conditions. This fact seems to make many believe that the police department will ask the Ways and Means Committee this year to allot them a sum out of the city's budget that will be large enough for the purchase and equipment of a police patrol and that will enable the city to put the Court House in such shape as to provide a good patrol garage.

This matter will likely be taken up by the Police Committee and the Ways and Means Committee in the immediate future and before the latter committee makes any plans for next year's city budget.

ADAMS-HEDGES

Mr. Floyd B. Hedges, aged 38, and Miss Leona Adams, aged 28, both of Mason county were granted marriage license in the County Clerk's office here today and were married this afternoon at the bride's parents' country home. Miss Nora Adams and W. R. Adams stood up with the young couple during the ceremony which was performed by Rev. A. F. Stahl in the presence of Mr. and Mrs. J. M. Adams, Mr. and Mrs. A. Beckett and Rush Adams. Mr. and Mrs. Hedges left on the L. & N. train for a short wedding trip.

EXCURSION STEAMER COMING FRIDAY

The new excursion steamer Verno Swain which will run a moonlight excursion out of this city on Friday evening will arrive here from Portsmouth about Friday noon. This steamer will take a big excursion out of Portsmouth Thursday night.

NOTICE ODD FELLOWS

Regular weekly meeting of DeKalb Lodge of Odd Fellows tonight at 7:30 o'clock. Members and officers urged to be present.

H. L. WALSH, N. G.
J. W. Thompson, Secretary.

PLANNING FOR CLEAN-UP

Committees of the Maysville Settlement Club are getting things lined up for the big city-wide clean-up campaign which will be on all of next week. The campaign has been thoroughly organized.

The funeral of Mr. William Neepner, Ellsberry, Ohio, man who was killed in an automobile accident Sunday afternoon, was held at Enon church Tuesday morning and burial was made at Hlett's Chapel.

All members of the Epworth Class are especially urged to attend the class meeting at the church tomorrow, Wednesday night at 7:30. Important and urgent business to be transacted. Don't fail to come.

MRS. J. H. DODSON, President.

NOTICE—Harry Barnes, General House Cleaner and Wood Washer and Window Cleaner. You have tried the rest, try the best. 216 Grave Street, Maysville, Ky.

NC-4 HOPS OFF ON ANOTHER LEG

American Seaplane Leaves For Last Azores Point—Hawker Still Missing.

Washington, May 20.—The American seaplane NC-4 has left Horta for Ponta Delgada, the Navy Department was advised today. There she will wait for favorable weather for the flight to Lisbon, it was stated.

Commander A. C. Read took the air at 8:40 a. m. Washington time. The despatch filed by Admiral Jackson at Ponta Delgada at 9:45 a. m., Washington time, is: "NC-4 leaving Horta 12:40 G. M. T. —8:40 Washington time—for Ponta Delgada."

London, May 20. — Another night has passed without word of Harry Hawker and Mackenzie Grieve, British aviators, who left Newfoundland Sunday in a Sopwith biplane in an effort to fly across the Atlantic. In many quarters hope was giving way to grave fears that the men have perished. It was pointed out, however, that they might have been picked up by some small vessel that has not been able to communicate the news.

C. OF C. LEGISLATIVE DEPARTMENT MEETS

The Legislative and Taxation Division, consisting of Chairman W. H. Rees, J. Ed Parker and C. W. Traxel, met with Judge Purnell, Director of the State and Federal Affairs Department at the Chamber of Commerce, yesterday afternoon to consider several legislative matters referred to the local organization by the Chamber of Commerce of the United States.

K. OF C. INITIATION HERE ON SUNDAY, JUNE 15

It is announced that there will be a big Knights of Columbus initiation in this city on Sunday, June 15. The Maysville Knights will use the Elks rooms in the State National Bank building for the initiation which will last all day. Some fifty men will be initiated and a large number of out-of-town visitors are expected.

FLEMINGBURG'S NEW FIRE FIGHTING MACHINE HERE

A new fire fighting machine on a Ford truck was received over C. & O. here today and will be moved during the day to Flemingsburg. This machine was purchased by the Flemingsburg city council several months ago. With this latest equipment Flemingsburg will have a fire department first class in every respect.

CENTENARY DRIVE SUBSCRIPTIONS HIGH

Second Day Closes With High Additions to Total Pledged by Methodists

At the end of the second day of the Centenary Missionary drive of the northern and southern branches of the Methodist church for \$115,000,000 in the nation, Kentucky members of the Methodist church, south, has subscribed \$237,000, not including Louisville, whose total subscriptions were \$146,000 Monday night. Reports from Virginia to W. W. Ball, conference campaign director for Kentucky, were that that state had \$978,000. The quota of the southern church is \$35,000,000.

At a meeting at Epworth Methodist church, south, Lexington, Sunday 220 contributors gave \$14,000 against a quota of only \$5,500. More than \$9,000 was raised at the morning service, and the canvassing committee obtained the remainder before the evening service.

The quota of the northern branch of the church in Kentucky is \$565,000, which includes the \$100,000 asked for Union College. Dr. H. P. Dudley, secretary, of the Centenary Movement for the northern church in this state, said that the response has been good, and that several very large sums had been received from individuals. The campaign will end Sunday, May 25.

Mr. W. W. Ball, who arrived in Maysville today from Lexington, this afternoon announced that yesterday the Kentucky Conference subscribed \$148,195 bringing the total subscription up to \$385,655 and leaving a balance of \$234,845 to reach the quota. The Maysville Conference on Sunday subscribed a total of \$56,091.00 and yesterday \$19,634 or a total to date of \$24,275 on their \$100,000 quota. On Sunday the entire Methodist church subscribed \$6,233,664 Mr. Ball says.

The First M. E. Church, South, of Maysville, has raised approximately \$11,000 on their quota \$12,000 and the "Little Brick" church has raised \$1,015 and will soon reach their quota.

COLONEL WILSON WILL NOT BE CANDIDATE

In an address before the Democratic Club of Kentucky State University at Lexington Monday night Col. Sam M. Wilson, of Lexington, announced that he would not be a candidate for the Democratic nomination for governor.

The Woman's Missionary Society of the First M. E. Church, South, will meet at the church Wednesday afternoon at 2:30 o'clock.

CITY OFFICIALS PLEDGE SUPPORT TO CLEAN-UP DRIVE

Settlement Club Committees Have Assurance of Officers That All Assistance Will Be Given Them.

Assurances of co-operation were given the Clean-Up Committee by Mayor Russell and Mr. W. C. Watkins, Chairman of the Internal Improvement Committee, this morning.

The Committee explained to these gentlemen their intention of following the same plan as that of last year when the first ward rubbish was hauled away on Monday, the second on Tuesday, third ward on Wednesday, fourth ward on Thursday, fifth ward on Friday and sixth ward on Saturday.

The Mayor and Mr. Watkins assured the committee that the city would haul the rubbish away from the front of the houses free of cost to the residents, providing, it was piled out on the street. The committee was instructed to inform the citizens that no rubbish would be hauled from any ward on any other day, by the city wagons, except that which was assigned to it and those failing to have their rubbish out in front on the day set forth for the collection, in that ward, would have to make other arrangements for the removal of same.

Street Commissioner Ben Smith has been appointed by the City Administration to have full charge of the collection and disposal of the rubbish which is ample assurance that the work will be done in a very satisfactory manner.

Chief Newell of the Fire Department and Chief Ort of the Police Department also assured the committee that they would be glad to render any service that the committee might desire.

The girls of the Settlement Club feel very much encouraged with the fine response they have met and all indications point to a most satisfactory and efficient Clean Up Campaign for the week of May 26th to June 1st.

TEX NEGRO BOYS ESCAPE STATE REFORM SCHOOL

After making a rope of their bed sheets ten colored boys escaped from the Kentucky School of Reform, Greendale, last night. A few more nights and there will be no one left in the school.

Mrs. Elwood Davidson, who has been visiting here left this afternoon for Cincinnati to visit her mother, Mrs. Robert Davis. She will leave on Friday for her home in Welsh, W. Va.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

THE CAVELL EVIDENCE

Of all the condemnatory evidence afforded by the orders of the German commanding generals and various subordinates in Belgium and France, all of which throw a hideous light on the German mind, revealing beyond all controversy the worst acts of the "occupation" of that territory by the hideous Huns, nothing equals the indictment of the infamous proclamation issued by General von Bissing on October 12, 1915, which brought "the facts" of the execution of Edith Cavell "to the knowledge of the public," to quote the document itself, "that they may serve as a warning."

For in this proclamation, after it sets out the six individuals condemned to death for treason, this sinister sentence occurs: "That, the sentences passed on Edith Cavell and Bauey have already been fully executed." And this sentence was written and the proclamation issued after the Germans in charge of Brussels had played with Miss Cavell's fate as a cat does with a mouse, and, knowing that her execution would arouse the civilized world, had kept the American legation at arm's length by procrastinations, prevarications and downright lies.

But that is all of the past now, though when the men-of-war bring Miss Cavell's body to England, and it lies in state in Westminster Abbey, before the internment at Norwich, the world will again honor the martyr and Germany will learn once more that what Secretary Zimmerman considered a salutary sentence "intended to frighten those who might presume on their sex" was one of the most abominable crimes of all times, typically Prussian, and will not be forgotten or forgiven.

A middle west Democrat sends to The National Republican a complaint that the paper is "one sided." That is true. It is only on one side. And the man or the publication believing itself to be on the right side can fight on that one side without compunction.

At this time great events are stirring; great issues are at stake. It is a time for clear, definite thinking and straightforward speaking. It is no time for amiable pussy-footers or "Good-Lord, Good-Devil" political pacifists who would prefer compromise or surrender any time to a fight for right. This is not the day for two-sided statesmanship or two-sided journalism; and, by the way, the newspaper or magazine which most loudly advertises its own independence is usually the most partisan of all publications.—National Republican.

HOLD THE PHILIPPINES, IS PLEA OF CONGRESS

Leaders Declare That Granting of Independence Would Leave the Islands to Japanese.

(By Snell Smith)

Washington.—Because to grant the Philippines full independence at the present time would be likely to mean the turning of them over to the dominion of Japan, Republicans in Congress are opposed to any such move in the near future.

Twenty-five prominent citizens of the Islands, representatives of the House and Senate of our dependency in the Pacific, have visited the Capital and made a renewed plea for self-determination. President Wilson cabled them that "not the least important labor of the conference which now requires my attention is that of making the pathway of the weaker peoples of the world less perilous—a labor which should be and doubtless is of deep and abiding interest to the Philippine people." Secretary Baker, just before he sailed for Europe, told them that "the time has substantially come, if not quite come, when the Philippine Islands can be allowed to sever the mere formal political tie re-

maining and become an independent people."

Members of the House are commenting upon the fact that this idealism is somewhat similar to that of President Cleveland when he urged that our flag be hauled down "over Hawaii." It is pointed out by them that after the expenditure of many hundreds of millions of American dollars in the development of the Islands since they were taken over at the conclusion of the war with Spain, it is not the time to let go of them now, when they are of greater strategic importance to this country on the Pacific than ever before. And the statement is frequently made that the President's concern for the weaker peoples of the earth does not include Ireland and India and Korea, which are believed to be as deserving of it as any.

Representative Townner, of Iowa, the new chairman of the House Committee on Insular Affairs, says: "In the twenty years of American control more and more self government has been given to the Philippines, who now have a representative legislature, and the time may come when they will be granted independence, but it is the wrong time now, when Congress is about to investigate mismanagement in the executive control of the Islands under Governor Harrison, and when the relations of Japan and this country are somewhat strained as the result of the demand of the former for equality of immigration rights under the league of nations covenant proposed by President Wilson at the peace conference at Versailles."

"I AM ONLY A VOLUNTEER"

Why didn't I wait to be drafted? And led to the train by a band And put in a claim for exemption Oh, why did I hold up my right hand Why didn't I wait for the banquet? Why didn't I wait to be cheered? While I only volunteered.

And nobody gave me a banquet And nobody said a kind word The grind of the wheels of the engine Was all the music I had. And off to France I was hustled To be trained for the next half year, And then in the shuffle he forgot me For I was only a volunteer.

And maybe some day in the future With my little son, Dudley, on my knee He will ask me what did I do in the conflict And his little eyes look up at me I shall look back as I am blushing To the eyes that so trustingly peer. And tell him I missed being drafted, For I am only a volunteer.

By First Chief John P. Green, Headquarters of Engrs. A. E. F. (Editor's Note—John Green is a Maysville colored man with the Army of Occupation in Germany.)

STOCK SAVING PLAN ANNOUNCED BY SWIFT & CO.

Big Packers Announced a Profit Sharing Plan of Great Proportions.

Every employee of Swift & Company is to be given an opportunity to become a partner in the business, according to an announcement made by officials of the company today. Distribution of a portion of the stock now held in the company's treasury is to be made at par (\$1000 to every employee who has been on the pay-roll for six months.

The 1919 Employees' Stock Savings Plan, as the scheme is known, provides that any employee, from office or messenger boy in the plant to the highest executive, may purchase these shares at a price far below that at which the stock is quoted on the stock exchange in the country.

Under the plan provided, the stock may be paid for by the employee on a basis of \$10.00 per share down and a dollar a week per share to be deducted from his salary. If the employee is paying for Liberty Bonds, he may have shares reserved for him and not begin payment until after he has completed his Liberty Bond payments.

The amount of stock to be allotted to each employee will be fixed according to wages or salary, ranging from one (1) to five (5) shares each, as follows:

Weekly Salary or Wage	Ent. to Shrs
Up to \$20	1
\$20 to \$30	2
\$30 to \$40	3
\$40 to \$50	4
Over \$50	5

"We believe that Swift & Company will greatly benefit by this plan of distribution," said Mr. L. F. Swift, president of the company. "We want our employees to have an active interest in the business and to feel that they are really a part of it rather than mere wage earners. There is no reason why every person on the pay-roll of Swift & Company should not be a partner in the business, and we believe that by this method we will be giving them a good opportunity to become identified with it in a closer way than that of being on the pay-roll."

"We now have, under our Employees' Stock Investment plan, more than 5,000 employees who are shareholders. This plan has been in operation for a number of years and provides that stock is to be sold to employees on the basis of 10 per cent down and the balance over a period of two years. The employee purchasing in this way pays the market price for his shares. Under the 1919 Employees' Stock Sav-

For Weak Women

in use for over 40 years!

Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE

CARDUI The Woman's Tonic

You can rely on Cardui.

Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be . . . writes Mrs. Mary E. Vesie, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

All Druggists

ings plan he will secure shares at par. "There is not an office boy in the company who will not be given an opportunity to become a partner, provided he has been in our employ for a period of six months. There is only one thing which we ask of those who purchase stock on this plan, and that is that they do not purchase it merely as a speculation but as a permanent investment."

PAINTING HULL OF FERRY LAURANCE

Painters are at work painting the hull of the ferry boat Laurance. The hull is being painted with red lead which will greatly lengthen its life. The boat will otherwise be considerably improved during this summer according to the new owner and when all the work is completed it will be one of the best small boats on the Ohio river.

Catarhal Deafness Cannot Be Cured
by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a running ear or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the system.
We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc.
F. J. CHENEY & CO., Toledo, O.

President Wilson has advised the cable companies that his message to the forthcoming special session of Congress will not be more than a few hundred words, enabling it to be cabled probably on the day of delivery.

The eclipse will be, you might say, too total.

The greatest five-cents worth of beneficial refreshment possible to get.

Points in the Moline's Favor

There are many points in the MOLINE'S favor when the question of what Farm Tractor to buy comes up. To put them all in print would make a long, long story—but to make a long story short—

- POINT 1—The MOLINE is the ONLY tractor with electric lights and self-starter. You don't have to quit important plowing or other work just because the sun goes down. Just turn on the lights and keep right on. The MOLINE will work 24 hours a day for you. Never mind the weather. If it rains on Monday, you can do 2 days' work on Tuesday to make up for it.
- POINT 2—The MOLINE is the ONLY tractor that cultivates the seed in the soil.
- POINT 3—The MOLINE is the ONLY tractor that reverses and goes around a stump or rock. You drive the MOLINE same as an automobile. Drive backward as well as forward.
- POINT 4—The MOLINE is the ONLY tractor that cultivates two rows at a time.
- POINT 5—The MOLINE is the ONLY tractor that can be turned around in a 16-foot circle and can be put in a small-sized shed.
- POINT 6—The MOLINE is the ONLY tractor that has a device to lock the differential and give perfect traction in soft ground.
- POINT 7—The MOLINE is the ONLY tractor that will start and finish a field without a horse.

There are SEVEN points—"one for every day in the week." For more "points" or a demonstration, phone, see or write

Matinee at the Gem, Night at the Opera House

Hello, Young Fellow! Want to Have a GOOD TIME?

Maybe she looks good to you, my boy. Beware! There is ruin in her smile, disease in her caress and the vilest poison in her body.

Sex Truth in PLAIN LANGUAGE

Modern life and its evils are pictured; loose women and their habits are shown.

THURSDAY and FRIDAY, MAY 22d and 23d, at the OPERA HOUSE

Matinee for ladies only 2:30, Evening for men only 7:15, 8:45. Gem Theater Saturday afternoon, evening.

Admission 30c, Including War Tax

This picture is so candidly bold in its revelation of life-sex truths that men and women are not seated together in the Opera House, thereby avoiding any embarrassment. Persons under 16 years not admitted.

BUY RIGHT NOW, BUT BUY WISELY

Government Slogans to Regain Confidence and Prosperity.

Buy now, but Buy Wisely. This is the slogan upon which the Information and Education Service of the Department of Labor, under the guidance of Roger W. Babson, is conducting a campaign to boost this country from a period of uncertainty into a period of prosperity.

Mr. Babson says that the surest way to get the desired results is to tell the people what the trouble is and then to tell them how to remedy it.

Briefly, our difficulties are due to the necessary readjustment of our wartime activities into peace-time industries. During the war the Government asked the people to refrain from buying anything they did not actually need. Every dollar, every ounce of strength, was needed for war purposes; there was nothing to spare for the production of things which could be done without.

Now the war has ended, and we find that our stocks of peace-time goods are depleted. There is a lack of almost everything that was not produced in quantity for the war. With the depletion of our supplies there has come since the signing of the armistice nervous relaxation and a feeling of uncertainty and loss of confidence throughout the country.

Labor and capital are muddled. Industry is marking time. The manufacturer has not been purchasing his raw materials except as he needs them

from day to day. The merchant is operating with a skeleton stock upon his shelves. The public is refraining from purchasing except for its immediate necessities. Everyone is waiting for everyone else.

How can business be energized? How can confidence be restored throughout the country? How can labor be induced to get back its desire to produce and capital to speed up the remobilization of peace-time activities?

Mr. Babson believes that the desired results can be accomplished by administering the following stimulants to the country:

First, tell all progressive merchants and manufacturers—tell all who have anything to tell—to advertise now and take advantage of the great market which exists at this time.

Second, tell the public that now is the time to buy—that they, the people, in normal peace times, are the controllers of all production and all distribution.

If the consumer buys the merchant sells and in turn is forced to buy. The manufacturer and the producer of raw materials are forced to buy and sell. Labor is put to work. The brakes put upon industry are thus removed. The machinery of production and distribution is set in motion.

To create the desired stimulus the public is being urged to buy, to buy wisely, but to buy now—today—what it wants.

Now is the time when a few additional purchases added to the daily necessities purchases will increase the grand total of sales to such a magnitude that the merchant will be obliged

to replenish his stock on a large scale. The wholesaler, the manufacturer, and the producer of raw materials will be obliged to increase their production. A demand will be created for all the goods which the workman produces. There will be a job for each jobless man. General confidence will be restored. Business will be booming. Reconstruction and remobilization of our war activities into peace industries will go on quietly, energetically, healthily, unconsciously. Prosperity will come again—a normal prosperity of peace with industries running at full time and the worker at his bench or his desk.

Now is the psychological time to begin this drive for prosperity. Let us do all that we can to allow the period of reconstruction to pass with the least possible hardships for labor and capital.

We, the people, must start the ball a-rolling—must do what we can, buy what we can, help all we can. So BUY NOW, buy wisely, buy intelligently, buy carefully, buy judiciously, but buy today.

Now is the psychological time. Let's go.

CRIMES CHARGED TO JOSEPH CAILLAUX

The career of Joseph Caillaux, "evil genius of France," is graphically portrayed in the sensational photo-drama, "The Caillaux Case." Following are some of the alleged crimes which have finally sent him to a prison cell:

Divorced his first wife to marry the slayer of Gaston Calmette.

Contracted to influence the French government to allow an outlawed claim of the Prieu estate for \$1,200,000, on condition that he receive 80 per cent.

Used his office as Minister of Finance to force the prosecutor to set free the notorious forger, Henri Rochette, Vaillaux's business associate.

Listed, for his private interest, had Argentine securities which lost the French people \$50,000,000.

Bestowed official favors and used official knowledge to reap a great fortune from the stock market.

Involved his country in such serious financial tangles with Germany, that the famous Agadir Affairs in Morocco in 1911 brought Europe to the verge of war.

Bought a settlement of the Moroccan question by giving to Germany territory in the French Congo equal to almost the whole of France.

Carried on pro-German propaganda in South America, Italy and France.

Planned a coup d'etat, by which he hoped to gain supreme power in the French Republic.

Conspired with Bolo Pasha to demoralize the French armies and force a German peace.

Used his sinister power as leader of the secret Order of the Grande Orient to procure the acquittal of his wife after she had killed in cold blood the patriotic editor of "Figaro."

See this picture featuring Madeline Travers at the Pastime Wednesday, May 21.

SHORTAGE OF ARCHITECTS

Revival of building activities has

proved that there is a serious shortage of draughtsmen, according to reports received by the U. S. Department of Labor. Architects in all parts of the country are experiencing difficulty in obtaining men and are offering a decided advance in salaries, but in many cases the much needed workers can not be obtained.

The shortage was first reported from Ohio, where construction projects of various sorts were begun soon after the signing of the armistice. St. Louis, Mo., and Louisville, Ky., also, have found difficulty in meeting the demands made by architects. An Arkansas architect writes that he has signed contracts for \$600,000 worth of buildings and may be compelled to forfeit part of the work, because of his

liability to procure draughtsmen.

"Every one is asking 'Where are the draughtsmen?', he says in a letter setting forth the situation in the south and southwest. 'Possibly they are still in the army service and it might be that urgent appeals like mine would hasten their release. It is probable, also, that many have drifted into other vocations and publicity might induce them to return to their former line of work.'

Previous to the war draughtsmen were not well paid, one correspondent points out, but now they are offered from \$50 to \$75 a week.

The black apes of Guinea have long silky hair, and their fur is used for muffs and capes.

The French Legion of Honor has a much larger membership than has any other prominent order.

1918 SHEEP LOSSES

TO BE PAID IN FULL

Frankfort, Ky., May 20.—It was the intention of the General Assembly that all valid subsisting claims under the old dog law were to be provided for under the new act and were to be paid in full. This opinion was given to Commissioner of Agriculture Cohen today by Assistant Attorney General D. C. Myatt in construing part of the new dog law.

It would have been difficult, said Mr. Myatt, for the General Assembly to have expressed this idea more clearly than it did and he is of the opinion that the claims accruing in 1918 should and must be paid in full, although it may require some of the fund collected in 1919 in order to carry out the provision of the law.

Mr. George P. Mills of East Forest avenue, will leave on the night train for Fort Spring to be present at a reception to be given by a comrade of the 332nd Infantry.

Persons desiring general repair work done—paving and concreting—should see HOOPS & WALLINGFORD, PHONE 310. 17-1wk

Mr. E. T. Kirk returned home Monday evening from Ranger, Texas, where he has been for several days.

SALVAGE TO BE OFFERED FOR SALE BY GOVERNMENT

Public Sale of All Kinds of Material Thrown Out by Government Because of Armistice.

A communication has been received by the Chamber of Commerce, from the Chairman of the Cincinnati District Salvage Board, of the Government Ordnance Department, in which they state that due to the cancellation of war contracts, which naturally followed the signing of the Armistice, the Ordnance Department has on its hands quantities of material, machinery and equipment. Such part of this which is not needed by different departments of the Government, and which is located in the Cincinnati District will be offered for sale by the Cincinnati Salvage Board.

There will be offered for sale large quantities of iron and steel in all commercial for such as bars, billets, sheets, tubing, pipe and fittings, castings, forgings, wire, nails, staples, various truck, tank and tractor parts, blowers, burners, boring machines, compressors, cranes, drilling machines, grinders, heading machines, jacks, lathes, milling machines, motors, polishing machines, screw machines, testing machines, etc. There are also all kinds of non-ferrous metals, greases, oils, paints, chemicals, glassware, catheware, paper, cardboard, asbestos, felt, bags, bales and all kinds of containers used for dry articles, gasses and liquids.

This material will be disposed of in some instances by auction, in some instances by negotiation, and in others by sealed bids.

It is suggested that interested parties should communicate direct with the Cincinnati District Salvage Board, Walsh building, Third and Vine streets, submitting specifications of what they might be interested in. Prompt attention will be given all inquiries.

Miss Sue Simpson and Mrs. Ian Blake, of Lexington, have returned to their home after a very pleasant visit with Mr. and Mrs. Robert Hammond. Mrs. Blake has just recently returned to America from England where she was stationed during the war, being a nurse with the Barrow Hospital Unit.

FISCAL COURT IS OUT IN STATEMENT ON 20c ROAD TAX

Mason County Fiscal Court Gives Voters Idea What Will Be Done With Extra Road Money.

The following is an official statement by the Mason County Fiscal Court on the proposed extra twenty cent road tax:

Due to the fact that the roads in the county are going back daily, and that the present road fund is insufficient to maintain same properly, the Fiscal Court, have called an election on the 14th of June, submitting the proposition to the voters of the county whether or not they are in favor of levying an extra 20c tax, same to be spent in the betterment of roads in the County.

In order to give the voters of the County an idea as to how the money will be spent, should the voters see fit to vote the Tax, the Fiscal Court wishes to give their intentions of expenditures as follows: The 20c tax would bring in about \$40,000 per year. It is the intention of the Court to spend 70 to 80 per cent. of said fund in the building of roads of a permanent nature, as it has been demonstrated, that macadam will not last under the heavy traffic, due to the new mode of travel, the automobile and the truck. The old road fund together with the balance of the new fund about 25 per cent. will be kept in tact for the upkeep of the roads, maul and side pikes of the County, and not converted into the fund for the building of permanent pikes. With the new fund the U. S. Government promises dollar for dollar of all money spent on certain pikes, and to others on which the Government will not contribute the State will give us aid. This year the State will give us \$18,000, which unless this tax is voted, will not be forthcoming again, as it will be apportioned to other counties and we lose it, where otherwise if we can get it by voting this tax, we will get \$36,000 worth of permanent pike.

In this County we have 212 bridges, not including culverts, about 70 per cent. of which needs repairing and rebuilding, necessitating the expenditure of a great deal of money as they must be kept up, so with the roads needing repairing and with these bridges to keep up, it is hardly possible to do it on the old road fund considering the increased cost of labor and material.

It will be necessary while building these permanent pikes to keep the macadam roads up as far as possible with the old fund and part of the new and as stated above, the old fund of \$42,000.00 will be used for maintenance purpose only on all of the macadam pikes of the county until they can be replaced by something permanent.

The impression has gotten out among the voters that this new fund, if created, by the voting of the 20c tax is all to be spent on one pike. Here the Fiscal Court wishes to state, that is not the case, neither is it their intention to do so, but that the money raised by the tax, will be spent on all of the main pikes of the county, and not on any one particular road.

The automobile is here to stay. At present this industry is but in its infancy, and since they came into vogue, the pikes of the county have been gradually going back. Then as macadam, cannot under any circumstances be maintained, considering the condition they are in, on the old road fund of about \$42,000 a year. We must have something permanent, and this is the initial step to that end, as has been done in most of the progressive states of the Union.

This Court has through its Engineer, compiled a statement, showing the expenditures of road money last year, and in a few days will be given you through the papers of the county, for your inspection and approval.

This Court has done its best to spend your money carefully and judiciously, and if the voters of this county see fit to vote said tax, this Court promises, that all permanent construction will be placed in the hands of competent and experienced contractors, and that the future will find said Court serving the people honestly and to the best advantage, at the same time placing Mason County on a par with the other 16 counties of the state which so far have voted this tax.

For any other information you might wish, call on the Commissioners or the County Judge, or if you cannot call, write them, and they will be more than glad to explain or answer any questions concerning this tax and its application, as it is a matter which concerns us all as one that should not be gone over lightly as it means much to our county and the future advancement of same.

Respectfully submitted, MASON COUNTY FISCAL COURT.

GOVERNOR SHOULD GO SLOW ON PARDONS SAYS GOV. BLACK

In Address Shortly After Taking Governor's Oath, New Chief Executive Says He Has Faith in Our Courts.

Frankfort, Ky., May 20.—The oath of office of Governor of Kentucky was administered Monday to Lieutenant Governor James D. Black, of Harboursville, at 11:25 o'clock by Rollin Hurt, of Columbus, Judge of the Court of Appeals.

Governor A. O. Stanley stated, before departing for Washington to become United States Senator, that he would telegraph immediately after taking the oath as Senator and there by vacating the office of Governor. He kept his promise, but there was a delay in the delivery of the telegram.

Miss Maude Mahler, the Governor's Secretary, telephoned to Washington to ascertain whether or not Governor Stanley had taken the oath of office as Senator. Stanley answered the telephone, stating that he took the oath at noon, or 11 o'clock in the Kentucky capital.

The delay of an hour and 25 minutes in the transmission of the message kept Black out of the Governor's chair for that period of time.

The ceremonies were held in the state reception room. Friends sent the new Chief Executive large bouquets of roses. One from Louisville was sent by officers of a number of labor unions.

Although uttering not one word of criticism concerning his predecessor's pardon records, Governor Black stated shortly after taking the oath of office, that he had faith in the Courts and Judges and respect enough for law and order to "go slow on pardons."

"Undoubtedly much of the crime that is committed in the state is the result of pistol toting," said Governor Black. "When a man carries a pistol he is much more likely to get into trouble than if he did not have the weapon. Kentucky has a law making it an offense to carry a deadly weapon concealed, and the law should be strictly enforced," he continued.

Governor Black declared that one of the most sacred things the nation has is the right of a fair trial by jury, and that the verdicts of the Courts should not be set aside lightly.

"My faith in the legal ability and fairness of the Judges of our Courts is so strong as to create in me the belief that not many persons are convicted of crimes unjustly," he said, "and I think a Governor should be slow in setting aside, by pardon, the judgments of the Courts."

"Our system of jurisprudence makes the Court the Judge of the law and the jury the Judge of the facts, and their deliberate conclusion should receive the highest respect by the Governor, so that law and order may prevail and the evil-labeled made to fear to violate the law."

SAMUEL SAPP OBITUARY

The funeral of Sam Sapp, who was killed Saturday night in an automobile accident on the Taylor's Mill pike, was held this afternoon and the burial was made in the Maysville cemetery.

Mr. and Mrs. E. H. Mans of West Third street entertained Mr. and Mrs. H. K. Shaw of Mentor, Ky. last Saturday.

Mrs. Edward Hall of Portsmouth, O., is visiting relatives here.

TWO PRESBYTERIAN MINISTERS KILLED IN AUTO WRECK

Rev. Clyde Shelman, of Salvisa, Ky., and Rev. W. M. Elridge of Paint Lick, two Presbyterian ministers were killed almost instantly when the automobile in which they were riding turned turtle on the Lancaster-Danville pike near Danville Monday afternoon.

OUR COLORED CITIZENS

The State University Drive The colored Baptists of Kentucky are raising \$10,000 in order to get the \$30,000 offered by D. E. Anderson, colored of Somerset. Mason and Lloyd county's quota is \$300. Helena's is \$15; Mayslick \$50; Northfork \$25; Washington \$25; Maysville and Ashland the remainder.

I shall be at Washington Sunday afternoon, May 25; at Mayslick Sunday afternoon, May 25; at Maysville Sunday night, May 25, and at Ashland and Catlettsburg Sunday, June 1. I was at Northfork and Helena Sunday, May 18. The good people at Helena gave me in cash \$15.50, and those good people of Northfork gave me in cash \$47. I shall publish the name of everyone, who gave fifty cents or more in tomorrow's issue.
